ABOUT ORGANISATION

Core is one of the finest services providing company striving in fields of operations. With an active and united team of aspirants we renders our services in different segments including Recruitment, stainless steel production and services, Event management, Tours and travels, Media and advertising, payroll, training & Development, BPO, facility management, Retail management, Educational Consulting, IT services etc.

Organizational management philosophy is based on responsibility and mutual respect. The mainstay of our strategy is to offer a level of client focus that is superior to that offered by our competitors. To help in attain objective, organization lookout to attract highly motivated individuals who have clear understanding about team work and share in the commitment, responsibility, risk taking and discipline required to achieve our vision.

This success in turn enables CORE to give its employees the benefits and rewards they deserve. These key elements help us maintaining our leadership in the market.

For every minute spent in organizing, an hour is earned

01 WHO WE ARE

We make it possible for various industries to run smoothly and successfully. We work with our clients to provide bespoke solutions and hiring confidence. Our expertise lies in supplying extraordinary candidates and exceptional service.

We're quickly emerging as one of Manchester's leading commercial recruitment consultancies and our reputation for honest, effective recruitment solutions means we're constantly getting bigger (and better)

02 OUR VISION

To become a renowned market leader in all the service we render, by establishing a new level of quality, trust, perfection and customer satisfaction, by maintaining the social and corporate morale.

03 OUR MISSION

To render highest quality services with greater customisability, building up a strong and long term association with our clients and vendors, setting a new standard for reliability and credibility and professionalism.

Quality is the best business plan.

- John Lasseter

DIRECTOR'S MESSAGE

Core as a team aspire to provide the most remarkable services for our society by respecting and protecting the expectations of our customers. Core believes in constant research and reinvention which in turn is the core mantra for success. All the research and brainstorming is poured to reach the primary goal "Customer Satisfaction"

We believe that a satisfied customer is the sole success element of our company. Core is entitled to work in the best interest of the environment and the society. Social commitment helps our team to build services that a society really needs. As a business entity we work according to the sound guideline which in turn helps our employees to work hard and stay passionate. Core as a socially committed business entity has put in all efforts to build a one stop shopping point where we provide a range of services that meets customer needs from retail stores to Human Resources activities.

With all heart and sincerity we wish to march towards successful years along with our valuable and passionate clients. Exchange of ideas and vision can change the world, core as a team wishes to join hands with clients to make a better world. Client's vision and passion is the utmost element that influences the team to helps a business open the doors of success.

" Today is the day to change your life, quite gambling on the future, act now with passion"
